

HY21720 The Modern World

View Online

With the concept of modernity at its centre, this module addresses the Modern World, its shaping, and the historical understanding of it. Taking a global, rather than Euro-centric perspective and addressing themes rather than a narrative, aspects of modernity and the development of the modern world are considered in the period c. 1789 to the present day.

Abernethy, D.B. (2000) *The dynamics of global dominance: European overseas empires, 1415-1980*. New Haven, [Conn.]: Yale University Press.
